

AGM ENVIRONMENT REPORT 2022: CARBON FOOTPRINT REDUCTION

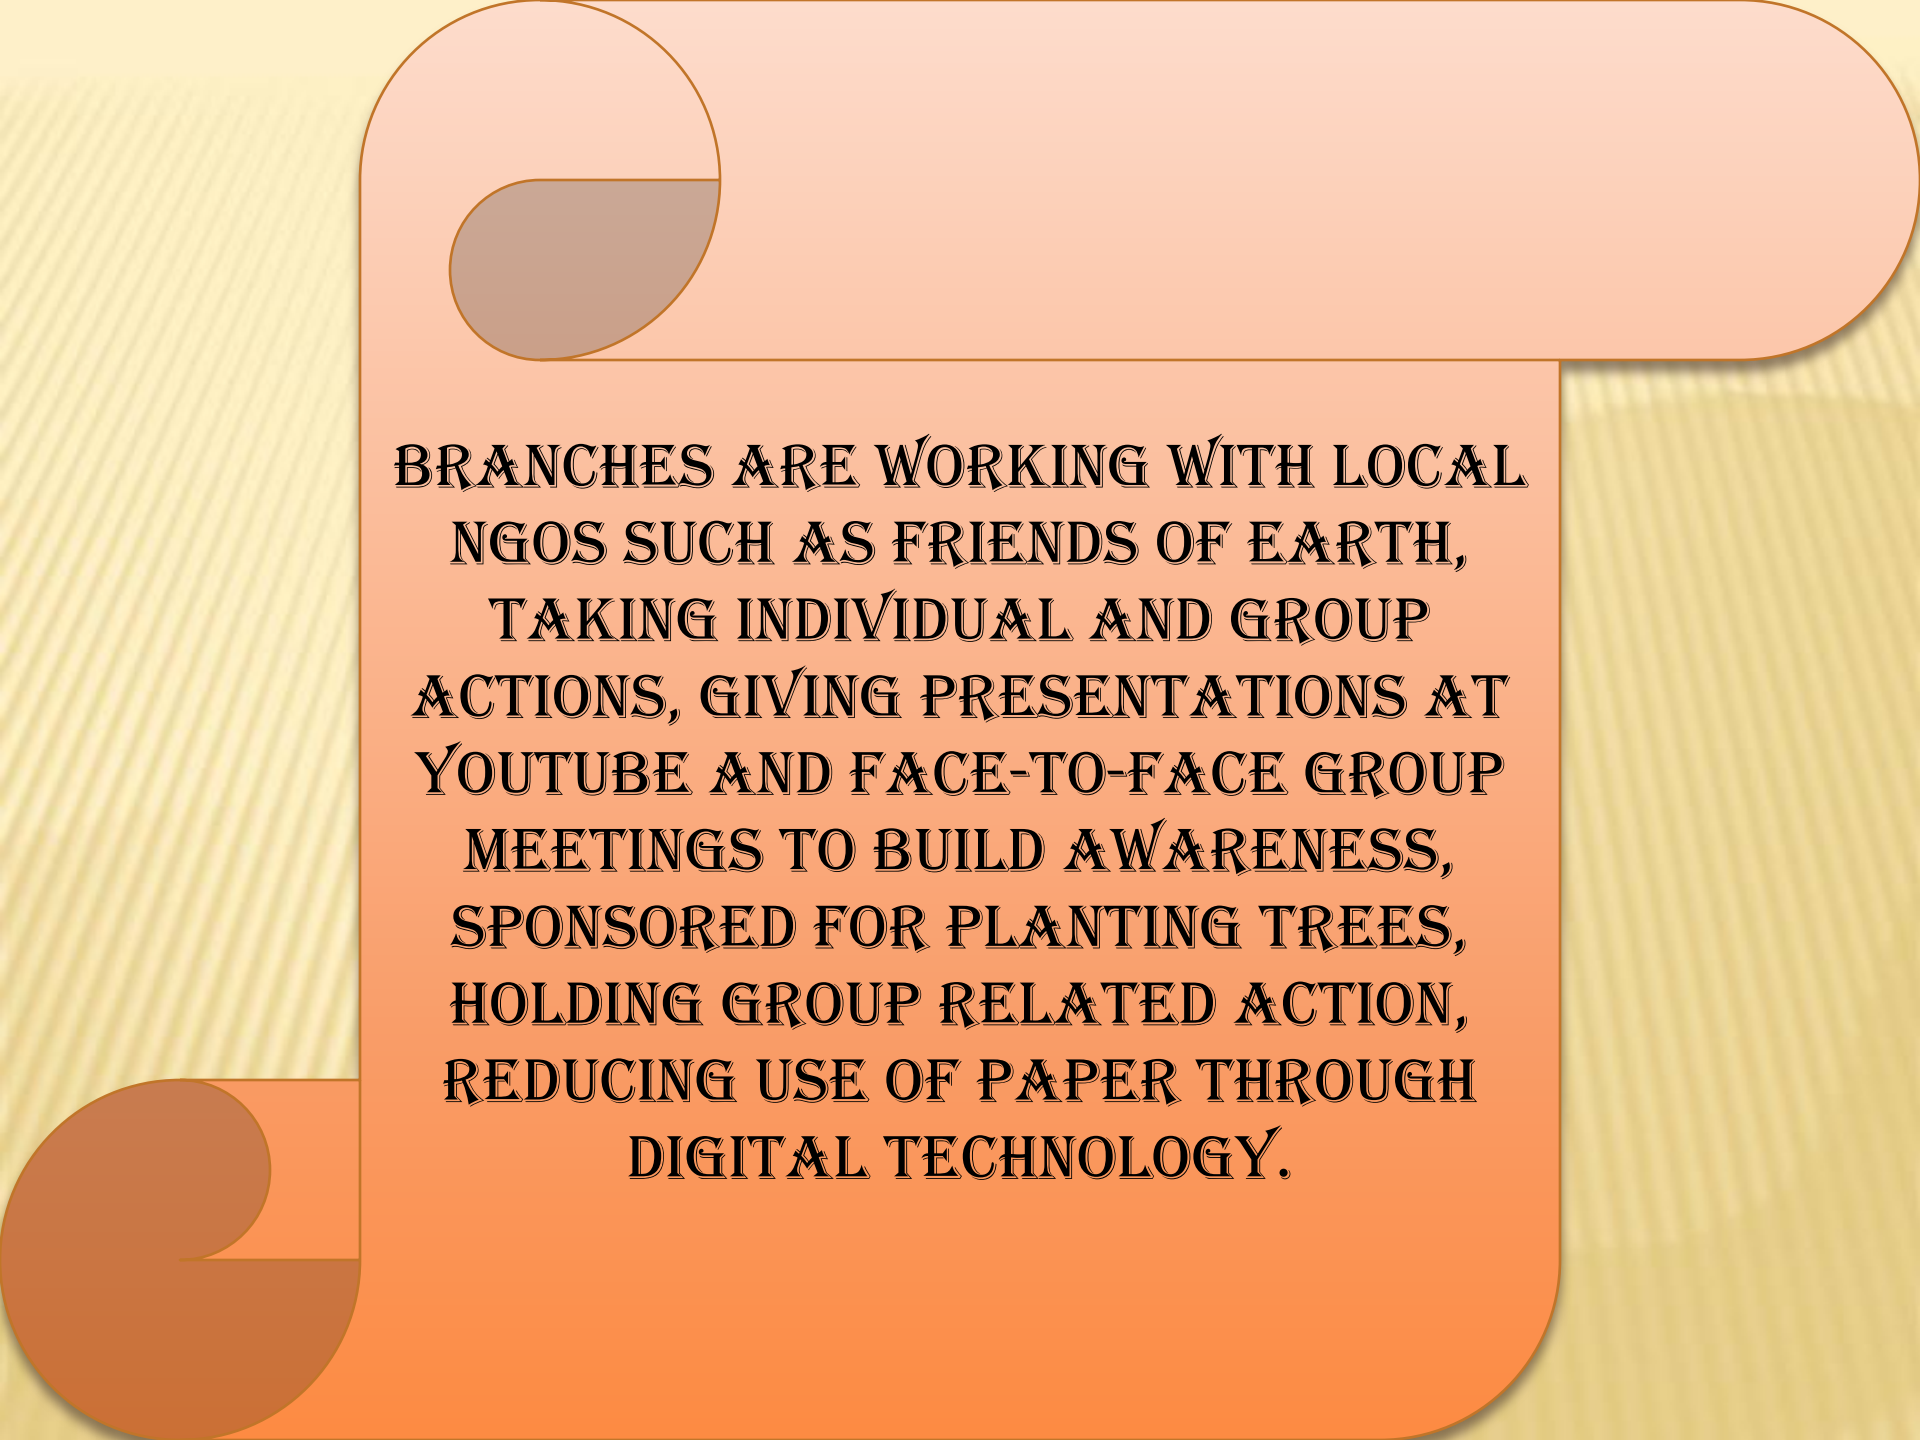

**UNA LONDON &
SOUTHEAST REGION**

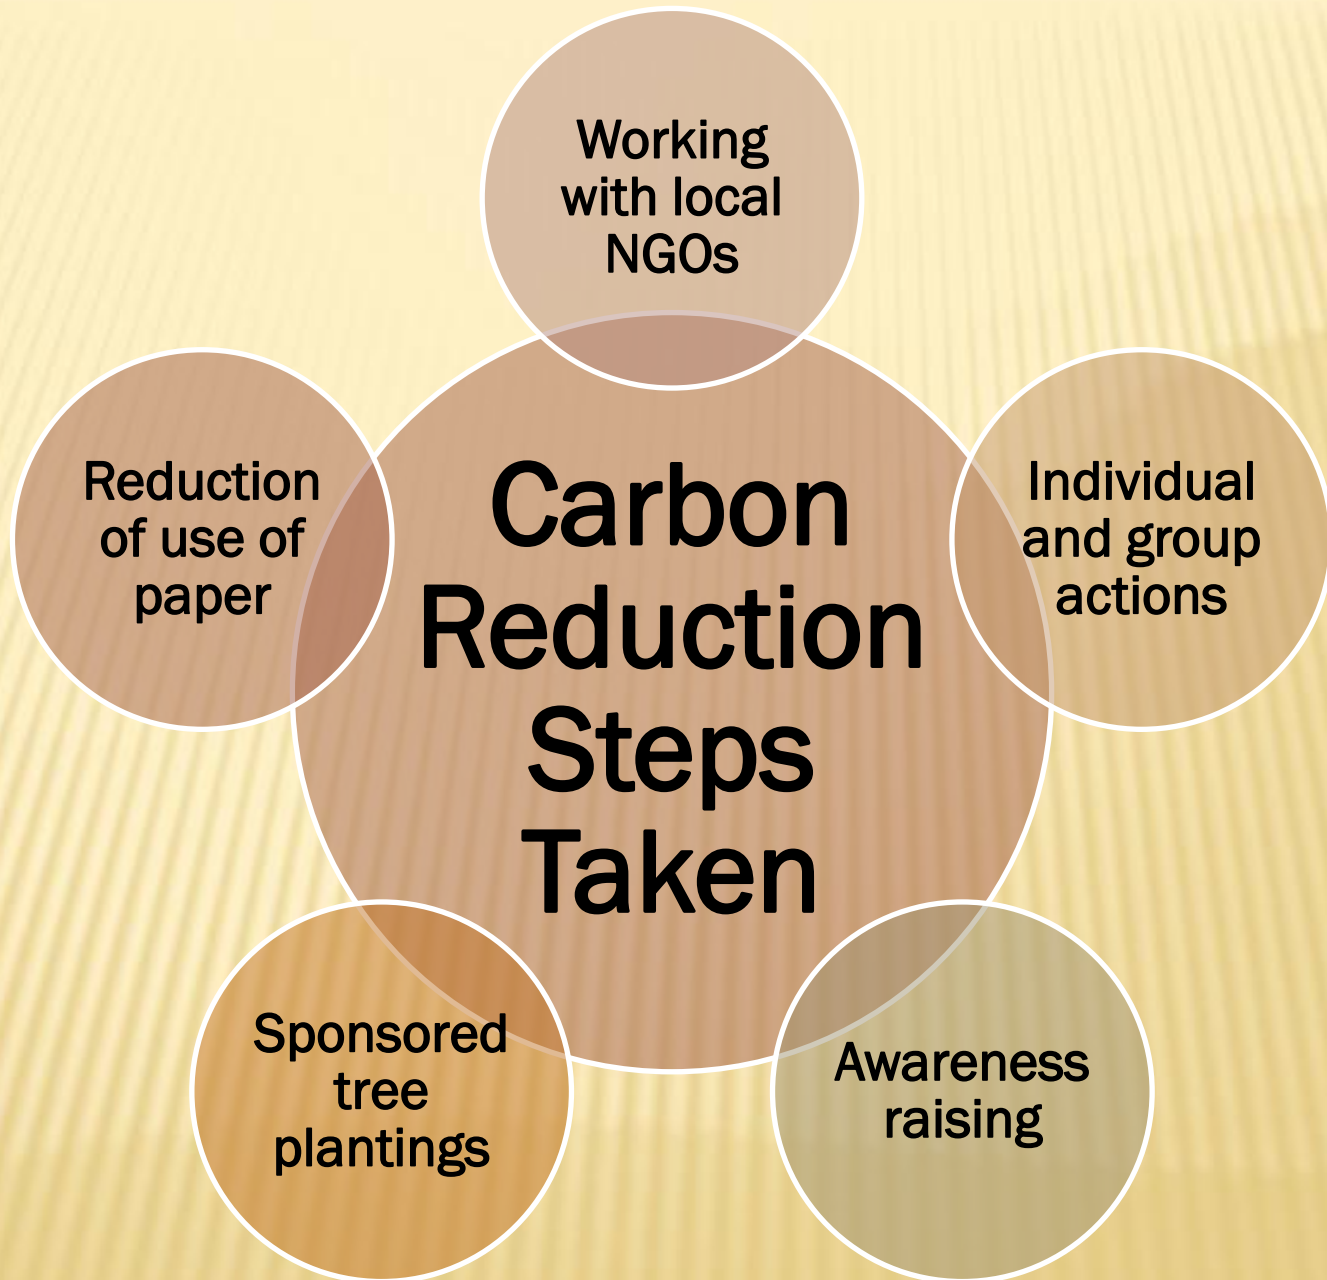

**MANY THANKS TO 6
BRANCHES AND LASER
REGION FOR SHARING YOUR
RESPONSES TO THE SURVEY.**

**BRANCHES ARE WORKING WITH LOCAL
NGOS SUCH AS FRIENDS OF EARTH,
TAKING INDIVIDUAL AND GROUP
ACTIONS, GIVING PRESENTATIONS AT
YOUTUBE AND FACE-TO-FACE GROUP
MEETINGS TO BUILD AWARENESS,
SPONSORED FOR PLANTING TREES,
HOLDING GROUP RELATED ACTION,
REDUCING USE OF PAPER THROUGH
DIGITAL TECHNOLOGY.**

ALL BRANCHES SUPPORTED THE MVULE TREE PLANTING PROJECT IN UGANDA, COORDINATED BY UNA EASTBOURNE, WHO ARE ALSO ESTABLISHING A TREE PLANTING PROJECT IN BANGLADESH. BRANCHES' SUPPORT INCLUDED AWARENESS RAISING THROUGH ZOOM MEETINGS AND EVENTS; SOMETIMES THESE WERE DONE IN COLLABORATION WITH LOCAL NGOS SUCH AS FRIENDS OF THE EARTH. UNA EASTBOURNE IS ALSO INVESTIGATING HOW TO SUPPORT THE QUEEN'S COMMONWEALTH GREEN CANOPY.

Carbon Reduction Plans

```
graph LR; A[Carbon Reduction Plans] --- B[Supporting the Mvule tree planting project in Uganda]; A --- C[Establishing Bangladesh tree planting programme]; A --- D[Awareness raising through virtual and in-person events]; A --- E[Supporting the Queen's Commonwealth Green Canopy];
```

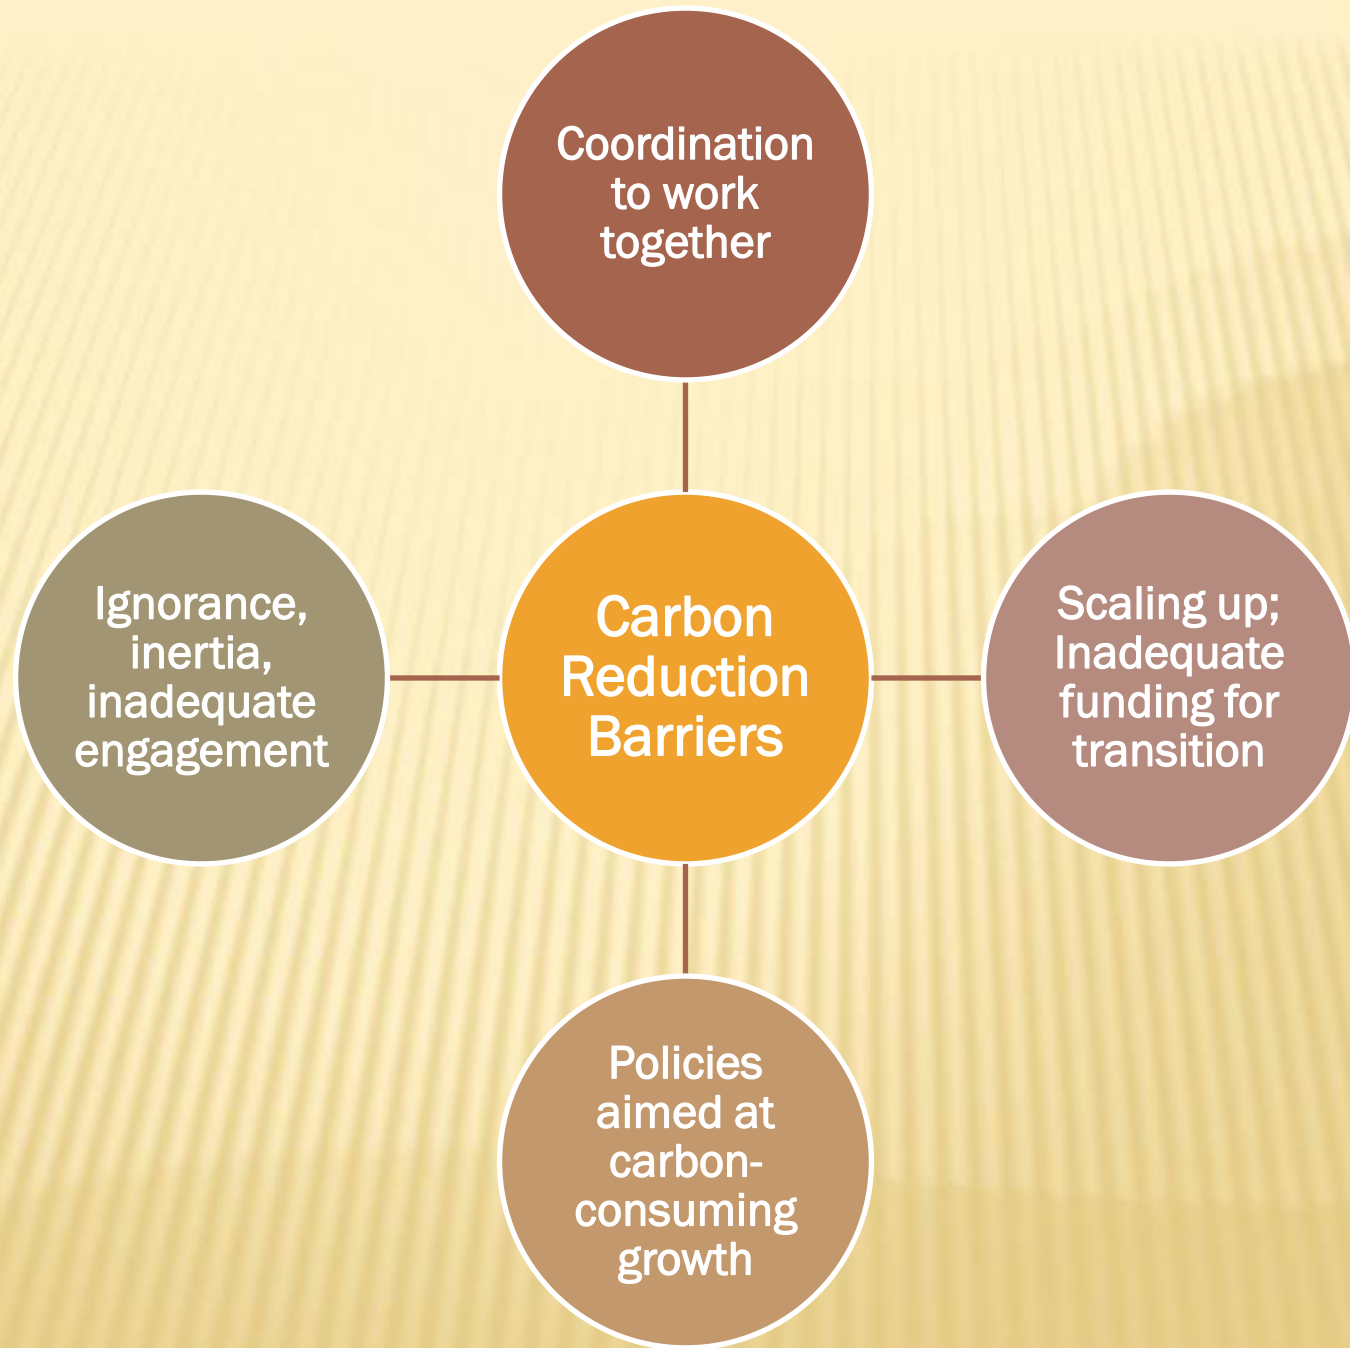

Supporting the Mvule tree planting project in Uganda

Establishing Bangladesh tree planting programme

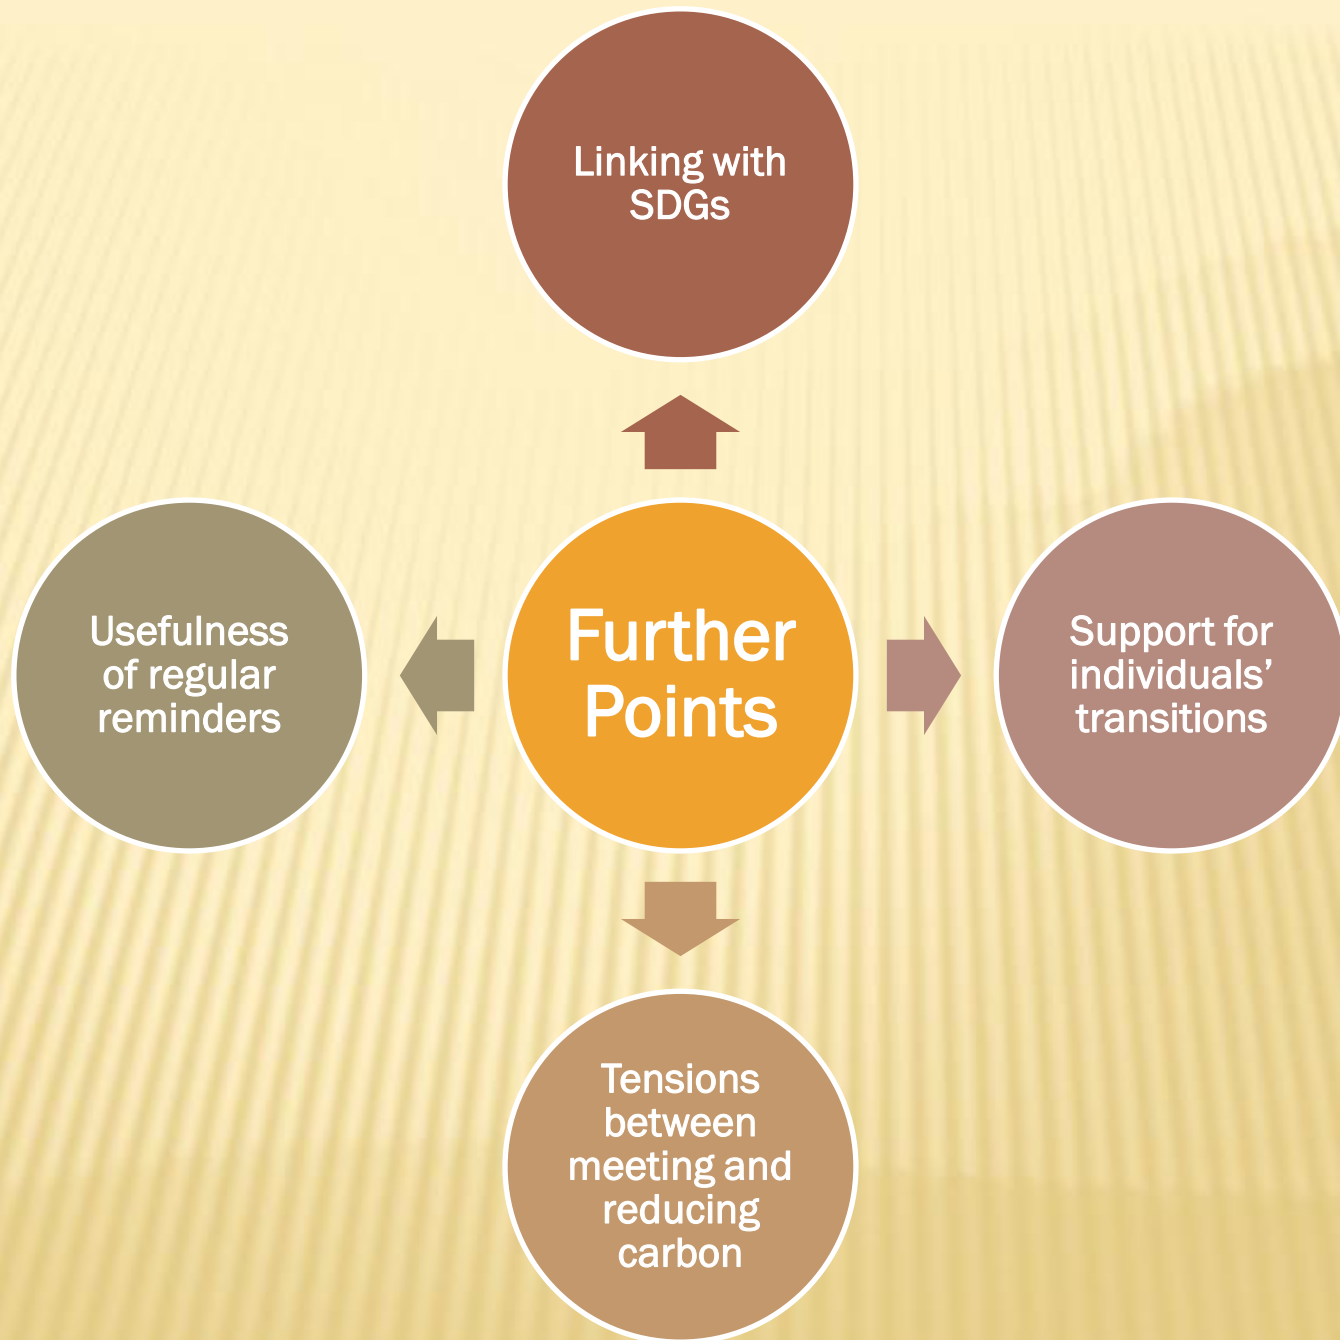

Awareness raising through virtual and in-person
events

Supporting the Queen's Commonwealth Green
Canopy

**BRANCHES FACED DIFFICULTIES IN:
COORDINATING THEIR WORK,
SCALING UP PROJECTS SUCH AS
THE INSTALLATION OF SOLAR
PANELS WITH INADEQUATE FUNDS
FOR TRANSITION; CHALLENGING
POLICIES THAT AIM AT CARBON-
CONSUMING GROWTH; ADDRESSING
IGNORANCE, INERTIA AND
INADEQUATE ENGAGEMENT.**

BRANCHES ARE ADVOCATING SDGS THAT LINK WITH GREEN AIMS; BRANCHES ARE SUPPORTING INDIVIDUAL CARBON FOOTPRINT REDUCTIONS; BRANCHES FACE A TENSION BETWEEN ORGANISING IN-PERSON EVENTS AND REDUCING THEIR CARBON CONSUMPTION. SOME BRANCHES APPRECIATED THESE REMINDERS IN HELPING THEM DEVELOP GREEN POLICIES.

THANK YOU
for your
ATTENTION!
