From Our Chair

Trisha Rogers

This autumn there are many reasons for special focus on the UN.

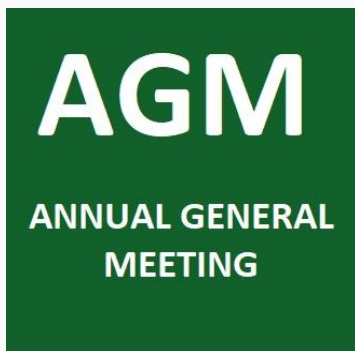

- The opening of the General Assembly was marked by the normal [High Level meetings](#) – without, for the first time in a decade, [the presence of the UK Head of Government](#)
- September 26 was the 10th [International Day for Total Elimination of Nuclear Weapons](#). LASER has endorsed the [Protect the People and the Planet appeal](#)

- Halfway through the process for the [Sustainable Development Goals](#), only 15% of the goals’ targets are on track. To summarise the situation and raise our ambition, Project Everyone has released [this film](#), based on Al Pacino’s epic locker room speech.
- We prepare for the crucial COP28 in Dubai (30 November – 12 December) amid fears that the UK is planning to weaken our net zero policies. LASER has endorsed [this letter](#) to the government. Al Gore’s [latest TED talk](#) summarises the situation well
- 10th December marks the 75th anniversary of the *Universal Declaration of Human Rights*. There are ideas for marking this [here](#), where the 75 day countdown has begun and is being marked daily by stories, videos, fun facts.

At this time when the UN will be more in the news than ever, people will be searching online for how they can be involved. It is crucial for us to seize this opportunity to engage with new people. Several LASER groups’ information on the UNA-UK website is out of date or non-existent. **Please ensure that your Groups/Branches’ information is up-to-date on the UNA-UK website.** (Find your Group/Branch [here](#); if the description needs updating, [send](#) a new description of your branch, so the UNA-UK team can update their website.) You can submit upcoming events for promotion on their website by clicking [here](#). Please also ensure your description on the [LASER website](#) are up-to-date and [send us](#) any revised branch/group descriptions.

Officers, the Executive Committee, branches, youth groups, corporate members and any six members acting together may send in resolutions and other matters for the agenda. If you have any motions that you would like put to the AGM, please make sure they [reach me](#) by 7th October.

LASER Policy Conference

The LASER Policy conference will be a hybrid event in Bermondsey Village Hall ([here](#)) and on zoom on **9th March, 2024**. This is your chance to help decide what stance the Region should take on a wide range of international issues. Resolutions need to be on an international topic and must call for action by the UK

government or the UN. They can also set out background facts or statements of concern that you would like the Region to support, and they can be put forward by UNA Groups/Branches or individual members. You can see our current resolutions for inspiration and for the framework we use [here](#).

New resolutions should be of a maximum of 175 words. You can also suggest amendments to existing resolutions which should add not more than 75 words to the total length of the resolution. Please send in draft policy resolutions to our [Policy Committee Chair](#) by 5pm on **29th January, 2024**. The draft agenda (with motions amalgamated as appropriate) will be circulated early in February to give you an opportunity to propose amendments.

William Say UN Internship

Following the death of lifelong UNA member William Say last year, his friends have been thinking of ways of honouring his memory. William had served as an intern at the UN both in New York and Geneva, roles that he funded through savings and by working in various part-time jobs. Unlike other countries, the UK offers no financial help to people seeking to get on what for many could be the first rung of the UN career ladder.

UNA Westminster and Harpenden branches, with which William was closely associated, are setting up a project group to establish William Say UN Internships to enable young people to participate in a UN internship who

would not otherwise be able to. The project group will be holding its first meeting shortly. Please contact [Paul Mrazek](#) for further information or if you wish to join the group.

As we pass the midpoint of 2023, and with the imminent meeting of the UN General Assembly, and then COP28 [we reflect on our campaigns](#), noting developments and new priorities; where change is needed, we must keep up the pressure.

Support For Branches

On Peace Day (21st September), UNA Streatham and Clapham ran some assemblies in local schools. The PowerPoint and script are available for other branches/groups to adapt and use. Please [contact us](#) if you would like a copy.
